

1 (BSP September 8, 2003)
2 The Contractor shall submit shop drawings of the cable fence to the Engineer for
3 approval in accordance with Section 6-03.3(7). The shop drawings shall include, but
4 not be limited to, the following:
5
6 1. Plan, elevation, and section views of the cable railing and all components, with
7 dimensions and tolerances.
8
9 2. Material designations for all components.
10
11 3. Socketing procedure for the spelter sockets.
12
13 4. Erection plan for installing the posts, installing and connecting the cable to the
14 posts, and tensioning the cable.
15
16 The Contractor shall install resin bonded anchors in accordance with Section 6-02.3(18)
17 as supplemented in these Special Provisions.
18
19 The cable shall be tensioned to 1.78 kN with 150 millimeters minimum of take up still
20 available in the turnbuckle.
